SUMMARY

Mr. Brady of the Surface Transportation Board called to say that he had received a letter from the U.S. Army Corps of Engineers, signed by Mr. Barr and dated April 1, 2004. The letter stated that we did not receive a copy of their EA. Mr. Brady told me that a copy of the EA had been sent to Mr. Vanderhorn in the Corps' Regulatory Office. I told Mr. Brady that I would look into the matter and see if I could get that copy for review and comment. I found the EA and reviewed the project with Mr. Fiscus in the Corps' Real Estate office. Mr. Fiscus determined that there was no Corps land involved, so no further real estate coordination was required. Our Regulatory Office stated in their September 18, 2003 letter that they had determined that the proposed project does not require a Department of the Army Section 404 permit. When I talked to them today, they said that determination was still valid. No additional coordination with the Corps of Engineers is required at this time.

ACTION REQUIRED

Fax copy of this document to Mr. Brady for his files.

NAME OF PERSON DOCUMENTING CONVERSATION Randall J. Kraclun	SIGNATURE 	DATE 20 April 2004
ACTION TAKEN This document faxed to Mr. Brady on 21 April 2004.
